REMARKS/DISCUSSION OF ISSUES

Allowable Subject Matter

Applicants gratefully acknowledge the indication of allowability of the subject matter of claims 3 and 16. Claims 1 and 10, respectively, have been amended to include the subject matter of these claims, and where applicable the subject matter of intervening claims. Therefore all claims are believed to be allowable over the applied art discussed in connection with the rejection under 35 USC 103(a).

Provisional Double Patenting Rejection

Claims 1-20 are the subject of a Provisional Double Patenting rejection in view of U.S. Patent Application Number 10/613,299. The amendments to claims 1 and 10 are believed to render all pending claims allowable, excepting the Provisional Double Patenting rejection in view of U.S. Patent Application Number 10/613,299. Upon withdrawal of all other rejections, and if only the Double Patenting rejection remains, Applicants will provide a terminal disclaimer rendering this rejection moot.

1. In view of the present response, all rejections under 35 USC 103(a) are believed moot.
